

Gwendolyn Melton - 44

“ We all know planning a wedding can become very stressful. My job is to make the process as smooth and stress-free as possible. I'm definitely a list maker, and I think that helps to keep me organized and stay on top of all the moving parts. The hours are unconventional, but I get to set my own schedule and decide how many weddings to take on, which I enjoy. When everything goes to plan and you see your clients with their family and friends enjoying one of the happiest days of their life, it makes it all worthwhile. ”
